*Participation in the Commencement ceremony does not necessarily indicate completion of a degree program.  
The student must meet all University requirements before a degree is conferred.*

*Students are given the option to list post-doctoral training (PDT).*

*A video of the ceremony, in addition to hooding/diploma photos, class photos and graduate candid, will be taken at today's event. These items will be available for purchase within a week.  
For more information, see the "Available for Purchase" link at [commencement.westernu.edu](http://commencement.westernu.edu).*

***Family and guests may be photographed for future University publications.***

## COMMENCEMENT SPEAKER BIOGRAPHY

### Habib Sadeghi, DO

**H**abib Sadeghi, DO, is founder of Be Hive of Healing Integrative Medical Center in Agoura Hills, California. He specializes in a multidisciplinary approach to chronic illnesses such as cancer and autoimmune diseases, with comprehensive treatment protocols that incorporate a wide range of interventions. Some of these include osteopathic, anthroposophical, environmental, psychosomatic, family, and German new medicine. His success in integrating Eastern and Western treatment modalities has earned him a respected reputation resulting in a patient base that reaches around the world.

With a master's degree in spiritual psychology emphasizing consciousness, health and healing, Dr. Sadeghi's philosophy of physical healing places equal importance on the psychological well-being of the patient, particularly as it relates to unresolved past emotional trauma. Through individualized psycho-spiritual exploration and reconciliation, combined with prescribed medical interventions, Dr. Sadeghi has achieved impressive results in patients suffering serious chronic illnesses. When the mind and heart heal, the body responds to treatment in new ways. As such, Dr. Sadeghi is a frequent presenter and sought-after expert within the international holistic medical community on psychosomatic illness and the phenomenon of somaticizing unresolved emotional trauma into physical disease.

Dr. Sadeghi is co-founder of the Love Button Global Movement, a nonprofit organization that seeks to inspire loving acts of kindness and philanthropy within communities to improve social cohesion. He has been a presenter or keynote speaker for various organizations including the international telethon Stand Up 2 Cancer (SU2C), National Association of Holistic Aromatherapy (NAHA), Los Angeles Fire Department Leadership Academy, California Women's Conference, Fertility Plan It hosted by the University of California, Los Angeles, and the Goop Health Summit, In Goop Health.

He has served as an attending physician at UCLA Santa Monica Medical Center and is currently a clinical instructor of family medicine at Western University of Health Sciences. He is a member of the Physicians Association for Anthroposophic Medicine, the Price-Pottenger Nutrition Foundation, and the American Holistic Medical Association.

Dr. Sadeghi is the author of two books, *The Clarity Cleanse: 12 Steps to Finding Renewed Energy, Spiritual Fulfillment and Emotional Healing*, and *Within: A Spiritual Awakening to Love & Weight Loss*. He is a regular contributor to the *Huffington Post* and the lifestyle website Goop, and serves as editor-in-chief and publisher of the annual health and wellness journal *MegaZEN*.

# THE PODIATRIC PHYSICIAN'S OATH

---

---

I do solemnly swear to my God, on my honor, to those who have taught me, and by all things that I hold sacred, that as a practitioner of Podiatric Medicine, I shall abide by the following precepts:

I shall, above all, hold paramount the welfare of my patient, regardless of fee or favor. I shall neither prescribe nor give any treatment or drug which will be detrimental to his or her well-being.

I shall endeavor to uphold the dignity of the professional way of life, the aims of which are to render public service.

I shall cherish those who have taught me, holding high their principles and precepts, and I pledge that I shall do everything that I am able to do to promote and to protect the profession of Podiatric Medicine, and to aid my fellow practitioners.

In swearing to this oath, I hereby dedicate myself in service to the health of humanity, and I hold as my goal the relief of pain and suffering.

If I keep this oath, may I receive God's guidance in the practice of my art, and may I enjoy my life in the respect of all men and women.

# THE OSTEOPATHIC OATH

---

---

I do hereby affirm my loyalty to the profession I am about to enter:

I will be mindful always of my great responsibility to preserve the health and life of my patients, to retain their confidence and respect both as a physician and a friend who will guard their secrets with scrupulous honor and fidelity, to perform faithfully to my professional duties, to employ only those recognized methods of treatment consistent with good judgment and with my skill and ability, keeping in mind always nature's laws and the body's inherent capacity for recovery.

I will be ever vigilant in aiding the general welfare of the community, sustaining its laws and institutions, not engaging in those practices which will in any way bring shame or discredit upon myself or my profession.

I will give no drugs for deadly purposes to any person, though it be asked of me.

I will endeavor to work in accord with my colleagues in a spirit of progressive cooperation and never by word or by act cast imputations upon them or their rightful practices.

I will look with respect and esteem upon all those who have taught me my art.

To my college I will be loyal and strive always for its best interests and for the interests of the students who will come after me.

I will be ever alert to further the application of basic biologic truths to the healing arts and to develop the principles of osteopathic medicine as taught by my profession.

In the presence of this gathering I bind myself to my oath.
